ADD TO MASSAGE

During November, Harry will be offering a complimentary additional 15 minutes of facilitated stretching to any massage of 60 min or greater!

TIP OF THE MONTH:

On washing hair, Mary says: "Washing your hair every day can dry it out! This means more greasy roots. Wash every other day, at most- and wash 2x when you do! This means you use less shampoo and get more time between washes! Notice your hair transforming over time by following these steps!"
